~JULY 2022~
SUMMER SCHOOL
ONLINE COURSES

What are the benefits of an online summer school program?

Summer is the perfect time for students to catch up, get ahead, or explore electives. An **online 4-WEEK summer school course** could be just what your child needs to start the next school year

Important Summer School Dates

Registration timeline May 1st-June 10th

June 24 Limited Access to the online course. Teacher Support is not available

June 27 Activation Assignment due

July 1 First day of summer semester; *Canada Day, Summit Closed*

July 4 Full Access to the online course. Teacher Support available

July 29 Last day to submit Course Work

Guidelines

- Summit Summer school courses are provided in an online format
- Students can enroll only in **ONE course**
- Students cannot be registered in the same course in the same term (summer) with another school
- Welcome emails with course access information will be sent as forms are processed
- Prerequisite course marks must be on a student's REPORT CARD *prior to registration*
- Students transitioning from grade 9 to grade 10 may request courses without prerequisites such as Physical Education 10, CLE10, Culinary Arts 10

- Students are expected to log in every day and be prepared to submit work every day. Given the rapid and condensed pace of the Summer Session, INACTIVITY for any reason is not accommodated. These include work, vacations, sporting events, games/practices, or family commitments.
- July 10 – inactive students will be withdrawn and those less than 20% complete may be withdrawn
- July 20– students less than 50% complete may be withdrawn or required to submit a detailed plan/schedule for course completion
